XVII. MOTIONS FROM CLOSED SESSION: No motions came out of closed session.
Vice Mayor, A. Roberts questions what is status regarding Veolia Water, have them come in to check it out or wait till the next workshop?

Town Clerk, K. Riley stated Council decided to write questions down, give them to Town Manager, J. Keller, for him to present to Veolia representative for answers and once answers were received, he would send them to Council and it would be discussed after answers were received.

Vice Mayor, A. Roberts asked so what do we do, think about it, give Jeremy comments or what?

Council Member, R. Cassell states to send Town Manager, J. Keller, the questions, he’ll send him to Mr. Stallard for his answers and Jeremy can send the answers to Council. Stated he had a couple questions he wrote down, liked the presentation, but asked if it would be better to get our questions answered and see where we want to go from there.

Council agreed to write questions to Jeremy for him to provide to Mr. Stallard to answer and put it on the Workshop Agenda for January to address at that time. Decision to place it on the agenda can be decided when the Council Meeting begins.

Town Attorney, M. Brooks – Cautions Council regarding the sending of email amongst Council Members would be in violation of meeting requirements. She suggests all questions be directed to Jeremy and for him to send out to Council Members and to have any discussion between Council to be done at the Workshop Meeting.

Council Member, W. Salyers asks if there is a need for this.

Town Manager, J. Keller informs Council of his phone conversation with Loretta in Coeburn regarding their reason they contracted with Veolia. It was due to the inexperience of the Public Works Foreman that resulted in their lines not maintained and left in disrepair which is why they were able to show savings. Veolia came in and made them more efficient. He further states that we are as efficient as you are going to see. May see saving with chemicals and supplies if they get a big discount and savings with health benefits and retirement.

Council Member, R. Richards states her biggest concern is what we would be doing to our employees. If we hand over our employees to them, they don’t have to keep them. They could fire every one of them, if they want. That bothers me.

Town Manager, J. Keller – Reiterates to Council that we are as efficient as we are going to get. Our assets are well maintained and we are as efficient as you are going to get being at 25% loss. The only savings that I think you are going to see is in purchasing chemicals, supplies, equipment, health benefits and retirement.

Council Member, W. W. Ross, Jr. feels if they come in to evaluate, and it is free, they may say we are fine, but may provide suggestions for improvements.

Town Manager, J. Keller – Informed Council Loretta from Coeburn was pleased with them, but felt the new Council will not elect to renew their contract.

Vice Mayor, A. Roberts – Asks what the contract is for least amount is for five years?
