out process. But if you would go joint with the PSA in his opinion it would rank high, but you only have till next month to apply. The application is not lengthy. • Request a Public Hearing to revise the Water Policy, Section XIV, regarding taps fees to reflect current prices listed, $650.00 Residential ¾” and $2,500.00 Commercial 2”, will be the minimum fee, with the stipulation that more expenses could be incurred depending on the price of the meter, other equipment and supplies, and that a final total will be based on total materials and labor, as shown via invoices AND to revise Section V- regarding the additional
charge in the amount of $10.00 to reflect minimum billing amount (No dollar amount) per billing cycle for each additional user being served on the meter.

**Mayor Perry** – We need to make a motion to hold a Public Hearing to revise the Water Policy, Section XIV, etc, you can read it on your agenda.

**Town Manager, J. Keller** – Explains the need to make a change is due to us doing a commercial tap fee for the Methodist Church. The Commercial tap fee is $2,500 but it cost us almost twice that to put it in. The purpose of the tap fee is to cover our costs. We went in the red on that tap fee, thus the reason this was prompted. Tap fee for residential is $650, commercial is $2,500.

Explains we are probably one or two pay applications from being done and with quick calculations of the last draw and other expenses, may have about $30,000 left to do Cedar Street. No action is necessary tonight from Council, but by next Council meeting the contractor may have his final application for payment and we will know where we are at on dollars left.

**Council Member, R. Cassell** – Discusses VDOT’s intentions to pave Harry Frye Drive and side streets suggesting if work is needing to be done to do it now and let VDOT pave the roads to their standards.

**Andy Miles** – Reiterates it can wait till next Council meeting for any action to determine how much money is left.

**Council Member, W. W. Ross, Jr.** – Asks if we qualify for emergency money with the Kane Street project with Andy Miles responding it probably would not qualify for emergency and provides reasons for emergency funding.

- **Relocation of the Police Department**

**Town Manager, J. Keller** – States this should have been dealt with years ago, his opinion. He explains the condition of the building and the Town’s need to address it and provides building options for a temporary move, purchasing a building, receipt of quotes for refurbishing the existing building at $139,000 or build a new building at $300,000. Suggest it would be more feasible for a
temporary move with the P/D building paid for and possibly contracting the work out ourselves as owners of the building to save money.

**Mayor Perry** – Suggests first thing to do is to determine who owns it and for our attorney to check.

**Council Member, R. Cassell** – Asks for a timeframe of completion of renovation.

**Town Manager, J. Keller** - Refers to the work being done on the old ABC Store and talking with Andrew, Egan Construction, with it being an empty shell of walls and concrete floors. I asked him what he would charge for three walls, the floor joist for a ceiling and floor upstairs would be around $15,000 taking it from a shell.

**Mayor Perry** – States if it would be feasible to move them into the Town Hall, if we agree to redo the building then put them back across the street.

**Council Member, R. Cassell** – States if we can accommodate them over here for two or three months and if that doesn’t work, we can pursue other avenues.

**Town Manager, J. Keller** – Explains you will have Nancy, four days a week, five hour days, 9 a.m. to 2 p.m., the Chief, plus one maybe two officers on duty which they are out and about a lot. So, at any one time, the most you would have is three/four people at most, with one desk/computer for each Kim, the Chief, Nancy, the officer on duty, along with their file cabinets.

**Town Attorney, M. Brooks** – Recommends the move to happen as soon as possible with Mayor Perry stating that was the reason for the Emergency Called Meeting when we were in Richmond.

**Town Attorney, M. Brooks** – States you need to be specific as to what you want to do. She also states you need to do two things, first off, if you are going to move them, you need to deal with that.
