III. Public Comment

Mayor Jenkins opened the floor to the public for comment at 6:08 PM.

Andy Miles presented information from Jeff Stapleton about the Burnt Cabin Branch Recreational Trail. He stated that the location of the trail would be along the Burnt Cabin Branch; Sherman Street and Estil Cemetary. He also stated that the program was an 80/20 match. From the information that Jeff put together that it would roughly be a \$135,000 project and that the Town would be responsible for approximately \$34,000 dollars. The town could contribute through direct monitary expenditures, donations or other contributions such as constructing a picnic shelter which would make the town's contribution smaller. Andy mentioned that this is a 2 Phase process.

There were no public attendees to offer any input or to object.

With no one else to offer public comment Mayor Jenkins closed the floor for public comment at 6:19.

Adjourned meeting until August 6, 2009

Mayor Mark Jenkins

Town Clerk Angel Parker
