**III. NEW BUSINESS**

**• FY 2019 BUDGET AMENDMENT**

Town Manager, Greg Jones stated that the specific changes can be seen in the revenue, residential sales, and meter public authority sales. Originally, this had been budgeted a little bit high due to the fact that some meters had been replaced this year and the results are just now able to be seen. Next year's budget is based on historical values. The biggest expense for sewage will be the contracting services for PSA. We are expecting that to be at \$340,000; we had that budgeted at \$335,000 previously. The capital improvements for the DEQ Sewer Line have been moved from this year to next year.
